

Debenhams, The Bullring, Birmingham

Main Contractor:	Styles & Wood Ltd
Architects:	Bernard Engle
Contract Period:	16 weeks
Contract Value:	
Package Value:	£198,000

THE PROJECT

We laid 12,000m² of Isocrete screeds over four floors at Debenhams, Britain's favourite department store, at its largest ever store in the ultra-modern Bullring shopping centre in the heart of Birmingham.

Once again we used our wealth of skills and experience to bear in reducing disruption in a logistically challenging location.
