Main Contractor:	Laing O'Rourke
Architects:	Weedon
Contract Period:	48 weeks
Contract Value:	£23,000,000
Package Value:	£2,350,000

THE PROJECT

With Nottingham undergoing a rapid programme of regeneration, we were commissioned to carry out metal stud partitions using Lafarge Plasterboard Systems and 12,000m² of screeds using Gyvlon self levelling screed.

This prestigious project is a major boost for PP Screeds and we are proud to be associated with this important development.
