## New Cross Hospital, Wolverhampton

<b>Main Contractor:</b>	Taylor Woodrow Construction Ltd
<b>Architects:</b>	RTKL Architects UK Ltd
<b>Contract Period:</b>	104 weeks
<b>Contract Value:</b>	
<b>Package Value:</b>	£243,000

### THE PROJECT

Among the first specialist heart and lung hospitals in the UK, the Heart and Lung Centre at Wolverhampton's New Cross Hospital was fitted with Isocrete screeds by our team of experts.

The £60 million centre specialises in cardiac and thoracic surgery and secondary cardiology, operating on some 1,500 heart patients each year.
