

The Orion Building, Birmingham

Main Contractor:	Taylor Woodrow
Architects:	BLB Architects Ltd
Contract Period:	52 weeks
Contract Value:	
Package Value:	£285,000

THE PROJECT

We were commissioned to lay 28,000m² of Gyvlon screed at what will be one of the tallest residential towers in Birmingham, combining central location with dynamic architecture.

This project was concurrent with the Mailbox development, also in the heart of Birmingham city centre.

The Orion Building has 329 apartments with contemporary interiors by internationally renowned designer, John Rocha.
